ABOUT US

Renewable Energy Industries Association of Malawi (REIAMA) is a voluntary non-profit member organisation governed by a constitution. REIAMA exist to promote the development of renewable energy technologies in Malawi through our membership drawn from companies, NGOs, academia, and the public. The organisation engages with government, donors, statutory bodies, NGOs, and investors on energy matters.

VISION

To become the most efficient and reliable centre for information, research, and promotion of all renewable energy technologies.

MISSION

To promote efficient and sustainable use of renewable energy technologies in Malawi to the satisfaction of the end-user and all stakeholders

OUR SERVICE

- Research, Policy and Advocacy
- Events and Stakeholders Engagement
- Trainings, Support and capacity building
- Market Intelligence and Business Support
